

PORTOTALENT
Bridging Talent Across Borders via Digital Highways

01

Empowering your engineering projects with top Portuguese Talent

FREQUENTLY ASKED QUESTIONS (FAQ)

02

What services does **Portotalent** provide?

WE SPECIALIZE IN:

- **EPLAN Electrical Engineering & Design**
(schematics, 2D & 3D layouts, lifecycle documentation)
- **Engineering Project Support & Collaboration**
(remote and hybrid engineers from Porto)
- **Engineering Training & Onboarding**
(EPLAN P8 & Pro Panel training, mentoring)
- **ICT & Technical Project Support**
(Design verification, project assistance, quality assurance)

03

Why choose Porto (and Portotalent)?

- Access to **highly skilled engineers** from top Portuguese universities
- Porto's **thriving tech ecosystem** keep us ahead of innovation
- Our **family-first culture** ensures motivated, loyal engineers
- **Flexible and tailored services** to fit the specific needs of your projects

04

How do we ensure seamless integration?

Before starting, we conduct a dedicated **IT & EPLAN assessment** of your environment — covering schematics, templates, and workflows. This ensures our engineers **adapt to your standards from day one.**

05

What EPLAN expertise do we offer?

OUR ENGINEERS ARE TRAINED IN:

- EPLAN Electric P8, Pro Panel, Smart Wiring, eStock, eManage
- Support for non-standard implementations
- Continuous skill upgrades through EPLAN partnerships
- Datacenter engineering and full electrical project capabilities

06

How do we support international customers?

We operate through **digital highways** — combining remote deployment with on-site support when needed.

Collaboration is **real-time**, using modern tools and agile methods.

What's our approach to long-term cooperation?

We believe in **building lasting partnerships** through a stage-based model:

1. Assessment of EPLAN within your ICT domain
2. Service contract proposal with deployment tactics
3. Dedicated execution teams (scrum model)
4. Logistics & back-office support
5. Centre of excellence

08

Where is Portotalent located?

Portotalent

Rua dos Transitários 182

4455-565 Perafita, Porto, Portugal
